

APR2-1201S

Industrial slotted drain with a slope stainless steel AISI 316L

Application

To drain large amount of water, suitable also for long distances
For drainage of large industrial facilities, and other commercial facilities inside buildings, eg. in the chemical and food industries

Features

- Insulating collar suitable for connecting to standard waterproofing
- Industrial box drain made of stainless steel (heat treated by pickling and passivation), this process guarantees that the stainless steel even after several years keeps its properties and reliable operation
- Drain body material: stainless steel 1.5 mm, DIN 1.4404
- Strong anchoring in concrete with simply adjustable legs and side anchors
- Used sealing ensures a completely watertight joint
- Width for inserting the grid 240 mm
- Easy cleaning and maintenance
- Adjustable feet range 20-140 mm
- High flow rate

Scope of supply

- Industrial box drain
- Adjustable feet 4 pcs
